NIC NOTES

DEAR PARISHIONERS,

As part of this series, I have been writing about parishioners taking ownership of their parish and the parish as a family. I would like "to talk" about some things we can do—little things—to build up our parish. Share with a family member, neighbor, co-worker or friend some spiritual insights you received during Mass—something that spoke to you in the readings, the music, the homily or your Communion meditation. Remember to pray regularly for the sick and suffering members of our parish family. Spread the Good News ***and*** the good news about the good things happening in our parish each and every week. Offer to introduce friends or family members who may be going through a difficult time to your parish priests, deacons or staff members. Ask new people in your area or those who do not seem to be affiliated with a church to "check out" your parish. Why not invite someone who has no one to accompany them to church to come along with you. Take a few extra parish bulletins and give them out. Doing any or all of these little things can certainly help build up our parish.

There are things that we need to do to build up our parish family and there are things that we should **not** do. We should not be negative. It tears us down. It never builds us up. Negativity usually starts with a few disgruntled people who complain. It spreads like wildfire. It destroys everything that so many people helped to build. How should you handle negativity? Head on! Gossipers really reveal more about themselves and their own insecurities. Gossipers put others down as a way to build themselves up. Gossip tears down. Don't participate in it. Are there any cliques? The people who are in them don't see themselves as a clique. Most times, it happens because people wanted to help and then they learned to rely on themselves for such a long time, and so the clique was formed. We need only to invite ourselves in to the group. Sometimes, we just like the way we do things. Refusal to change at all costs is not good. Tradition is good, but becoming rigid about the way things have always been done is not good.

Change is never easy. It is necessary to find a balance that will respect some time-honored traditions, while incorporating new ways of doing things and of involving new people in doing them. Family life is not perfect. Parish life is not perfect either. However, we must each in our own way be committed to building up the parish family by doing those things that are life-giving and by avoiding those things that bring destruction. Take ownership of your parish. Be all that God wants you to be.

It is almost impossible to believe that Labor Day will be here soon. Growing up, we always looked upon Labor Day as the end of summer. Nowadays, some schools begin before Labor Day. Whatever it is, I guess that summer is officially over.

As the summer ends, many wonderful things will be happening in our parish. We will be celebrating Forty Hours on Sunday, October 23, Monday, October 24 and Tuesday, October 25. Fr. Bob will be our guest homilist.

Once again, I wish to sincerely thank all of our parishioners for their participation and support of our wonder parish.

May God through the intercession of St. Helena bless us!

Love and Prayers,

Msgr. Nicolo

RESPECT LIFE CORNER

News from a Respect Life friend:

SUSAN B. ANTHONY PRO-LIFE AMERICA

A state prosecutor in Florida refused to enforce Governor DeSantis' 15-week abortion ban. ***So, Governor DeSantis SUSPENDED the prosecutor!*** *That* is the kind of courage we need from pro-life leaders as pro-abortion activists go rogue and refuse to enforce life-saving laws. At 15 weeks in the womb, a baby can smile, feel pain, and even respond to their mother's voice. It's reprehensible that a public official, who works on the taxpayer's dime, would violate his oath of office in order to enable the killing of babies who can smile. I pray that Governor DeSantis' action will serve as a WARNING to pro-abortion activist public officials everywhere who think they can simply refuse to do their job .
